Pasul 5: Selectati sportivii, unul cate unul

Insert player in Roster

Adding a Player to a Roster, pay attention to the From and To fields, because the players will be visible in the Team only inside this period. Consider also that, to maintain the integrity of data, in future will not be possible to change the date From.
In case a player moved from a Team to another, close also the Membership between the Player and the previous Teams, otherwise there could be incongruence with the data
